EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathleen D. Rigaut on February 22, 2006.

The application has been amended as follows:

a) In Claim 5, line 3, delete --or gene--.

b) In Claim 48, line 3, delete --or gene--.

The following is an examiner's statement of reasons for allowance:

A search of the prior art did not reveal any reference disclosing or fairly suggesting an isolated promoter sequence comprising SEQ ID NO: 36.

The closest prior art of record, Villeponteau et al. (U.S. 5,583,016), discloses a mammalian telomerase (SEQ ID NO: 3) of note, however, the reference does not teach or fairly suggest the distinct sequence differences of the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1637

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
